

# Datasheet for configuring your MailGateway

This datasheet is an important tool, which will help you answer any questions you have before installing your MailGateway and also help you document your configuration.

**Please complete this datasheet before you start the installation process!**

If you encounter any problems, this datasheet will enable the customer service team, either at Utimaco, or the sales partner from whom you purchased your MailGateway, to help you as quickly as possible.

This datasheet contains confidential information. Please keep it in a safe place.
